

Navigating New Legislation: understanding and utilizing Permit Extension (ACT 46) and the Fiscal Code Bill (SB 1042)

The recently approved Pennsylvania Permit Extension legislation and Federal Fiscal Code Legislation may dramatically impact your business. However, the legislation can be difficult to interpret and apply to individual projects. Partnering with HBA member, Fox Rothschild, the HBA will be hosting a seminar to assist our members in understanding and taking advantage of this legislation.

Topics for discussion:

- Obtaining Extensions for SALDO approvals, PennDot permits, E&S adequacy letters, conditional use approvals and zoning hearing board approvals
- NPEDS permits
- Permits and approvals impacted by SB 1042
